Frank,
Thanks for letting me know. I will go ahead and grant the requested extensions in the pre-filing dates as requested by you and ORS.

David:

Over the last two days CUC has produced to us the discovery materials that were the subject of our motion to compel. That part of our motion is now moot.

We continue to believe that we need the additional time that we requested for filing testimony. Part of the production from CUC came in the form of approximately 53 different emails and, while I am not complaining, it is going to take us some time just to go through them.

We have no objection to the request of ORS that any extension apply to it as well.

Thank you, Frank

Attached, please find my Corrected Standing Hearing Officer Directive in the above-captioned docket. The only change is that the word "May" in the first line has been corrected to "September."

Thank you for your consideration in this matter.
